

**MINUTES OF THE SPECIAL MEETING OF THE BOARD OF COUNTY
COMMISSIONERS, CLARK COUNTY, IDAHO**

June 12, 2024

EMERGENCY DROUGHT DECLARATION

The Meeting was called to Order at 3:09 p.m. Present at the meeting were Commissioners Nick Hillman and MaCoy Ward, Commissioner Greg Shenton appeared telephonically, Clerk Stephenie Stewart, and several members of the public.

The Board discussed holding off on the emergency declaration as other surrounding counties have decided to wait. Instead, it was discussed that a letter would be produced to be sent to the Governor's office. The Board feels an impact letter addressing how the curtailment would affect Clark County's tax base would be a good step forward.

The current status of the water curtailment order was discussed as well as what the next steps would be for those who could potentially have their water shut off.

Clerk Stewart will prepare the letter and the Board will sign. Once the letter is signed, Clerk Stewart will send the letter to the Governor, IAC, NACO and Stephanie Mickleson.

The public present were given the opportunity to ask questions, of which there were none. They were encouraged to send letters as well.

Commissioner Shenton left the meeting at which time a member of the public spoke regarding the water agreement work being done. A meeting was scheduled for the night of June 12th at Mud Lake and the public was encouraged to attend.

The potential fines and fees were discussed amongst the water users in the room.

The meeting was adjourned at 3:50 p.m.
