

**CLARK COUNTY, IDAHO
RESOLUTION NO. 02-06**

Purpose: Designation of the Amount of Funding to be Assigned to Title II and Title III Projects

Whereas the counties having United States National Forests within their boundaries have been receiving Forest Reserve funds for schools and roads under provisions of the Agricultural Reapportionment Act of 1908; and

Whereas in the past decade federal land use policy has shifted away from a multiple use approach to one in which decisions are made on a centralized basis with great attention being given to single uses; and

Whereas this approach has had a devastating negative impact on funding for schools and roads in forest counties; and

Whereas the 106th Congress of the United States passed HR 2389 which seeks to maintain multiple use land management and reconnect local communities with management decisions made about their national forests; and

Whereas Congress has made provision for local projects under Titles II and III of HR 2389 whereby local Resource Advisory Committees will recommend projects which will enhance the safety and health of forests as well as enhance activities conducted within the National Forests within county boundaries.

Therefore be it resolved that Clark County intends to allocate the portion of funds which it receives for projects through the safety net payment in the following manner: Title II 80%, and Title III 20%; and

Be it further resolved that a copy of this resolution be transmitted to the Governor of the State of Idaho by such date as may be necessary for it to reach the United States Secretary of Agriculture by September 30, 2002; and

Be it further resolved that a copy of this resolution to be transmitted to all jurisdictions in this county receiving Forest Reserve payments.

ADOPTED THIS 8th DAY OF JULY 2002.
