December 5, 2005

Clark County Commissioners  
P.O. Box 205  
Dubois, ID 83423

Dear Commissioners:

Thank you for meeting with us on December 1, 2005, to discuss the snow removal operations on the Yale-Kilgore Road. I have summarized our discussion below:

1. Snow will be removed from the full road surface.
2. A temporary road barricade (provided by Clark County) will be placed in road at all times with the appropriate signage.
3. No track equipment will be used to remove snow.
4. Log Hauling will not be permitted December 24<sup>th</sup> through January 2<sup>nd</sup>.

RY Timber will be plowing a portion of the Lower Shotgun road up to the Kilgore road and then east to the county line. If I have missed anything, please let me know. We appreciated you and your staff's assistance in letting our crews continue to operate in the winter months.

Sincerely

Laurie A. Stone  
Forester, RY Timber, Inc.
